

Mario Pinés Madrid

Madrid, Spain · [linkedin.com/in/mariopinesmadrid](https://www.linkedin.com/in/mariopinesmadrid) · +34 689 39 82 71 · mariopinesmadrid@gmail.com

More than 5 years of experience in companies with production software and international clients. I do not believe in 'technical for technical' software. Software solutions are always highly coupled to a business concept and software needs to bring maintainable solutions to be prepared for that business to change. Looking for challenges and help companies grow
